

decide\_score\_1\_game

```
graph LR; A[decide_score_1_game] --> B[event_1]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'decide\_score\_1\_game'. The right box is white and contains the text 'event\_1'. A dark blue arrow points from the right side of the gray box to the left side of the white box.

event\_1
